EDUARDO SOUSA

22 years old | São Vicente, São Paulo, Brazil | +55 (13) 98814-3206 | eduardomssousa@hotmail.com | linkedin.com/in/edusousax

SUMMARY

Systems Analysis and Development student and Fullstack Developer (PJ contractor) with hands-on experience automating operational and import/export workflows using Python, Power Automate, and n8n. Proven record of reducing manual task time (up to 80%) through process automation and IT-driven efficiency improvements.

TECHNICAL SKILLS

Python, JavaScript, C#, Java, C++, COBOL, HTML/CSS, React, Angular, Unity3D, RenPy | Power Automate, n8n, Power BI, Azure/AWS, Office 365, Git/GitHub

PROFESSIONAL EXPERIENCE

Fullstack Developer (PJ Contractor) | MG Capital *Sep 2026 – Present*

- Design, develop, and maintain fullstack web applications and internal tools for MG Capital, based in Santos.
- Build and deploy automation and software solutions end-to-end, from front-end interfaces to back-end logic.

Customs Clearance Assistant | DSV – Global Transport & Logistics *Mar 2025 – Sep 2026*

- Monitored import and export processes, reviewing and analyzing shipping and customs documentation.
- Supported the issuance of customs-related documents and ensured regulatory compliance.
- Developed automation solutions using Power Automate, n8n, and Python to streamline operational routines.
- Automated repetitive processes, improving information flow and increasing operational efficiency.

Accounting Apprentice | Grupo OSAN *Jul 2023 – Nov 2024*

- Managed bookkeeping and invoice processing for six companies; issued DARFs and reviewed taxes.
- Built an invoice-processing automation project that cut task execution time by approximately 80%.
- Prepared accounting reports and proposed physical archive improvements for faster document retrieval.

Operations Apprentice | Piracicabana – BR Mobilidade *Apr 2023 – Jul 2023*

- Assisted passengers with information and support, and controlled access through turnstiles and accessibility gates.
- Supported operational flow and customer service activities at the terminal.

EDUCATION

Technologist Degree, Systems Analysis and Development | Federal Institute of São Paulo (IFSP) *Mar 2023 – Dec 2027*

Technical Degree, Computer Networks Technician | SENAI Santos *Jan 2021 – Jun 2022*

CERTIFICATIONS & COURSES

Power BI (SEST SENAT) | React (DIO.me) | English B2 (Casa Branca Idiomas) | Cybersecurity Fundamentals (Cisco) | IBM Z Xplore – Concepts (IBM)
